Itinerary

B Breakfast | **L** Lunch | **D** Dinner

| | |
|--|--|
| Monday 11th June (B) | OSLO Your time is free for your own leisure. Hotel: Park Inn Radisson Blu Oslo Airport Hotel, Oslo (Run-of-house room, 1 night). |
| Tuesday 12th June (B) | OSLO TO LONGYEARBYEN After an early breakfast, walk across the link bridge to the airport for your morning flight to Longyearbyen. Upon arrival in Longyearbyen, you are met and transferred to your hotel. The remainder of the afternoon and evening is free for your own leisure. Hotel: Radisson Blu Polar Hotel (Run-of-house room, 2 nights). |
| Wednesday 13th June (B) | LONGYEARBYEN Your day and evening are free for your own leisure. No arrangements made. You may like to take an optional dog-sledding excursion. At this time of year, the snow has started to melt so it may be a dog-cart on wheels. |
| Thursday 14th June (B,D) | EMBARKATION DAY IN LONGYEARBYEN The day is then free for your own leisure. Embarkation around 4.00pm. Your Spitsbergen adventure cruise begins when you board our ship, the MS Expedition in Longyearbyen, the island's largest settlement. As you embark, you'll have great views of the mountainous landscape that serves as the backdrop to this seaside village. Ship: MS Expedition (Cabin as selected, 7 nights). |
| Friday 15th – Wednesday 20th June (B,L,D) | EXPLORING SPITSBERGEN Your voyage is spent travelling in the world in which the polar bear survives. The wildlife viewing opportunities are enhanced by exploring as many remote areas as possible. Spotting wildlife like polar bears, the arctic fox, Svalbard reindeer, and land or sea birds can be difficult, but well worth the effort. Ice and weather conditions permitting you can explore near sea ice, through fjords that lead to glaciers and icebergs, and discover bird nesting colonies, all from the platform of the ship. Alternatively, hop in a Zodiac to explore more closely, or be brought to land to visit historical sites and experience the tundra. The crew are always on the lookout for wildlife, ranging from endangered and rare polar species to sea mammals and birds. And, of course, you'll have your eyes peeled for polar bears - they can be found all throughout this region, but finding them can require patience and persistence. Early-season voyages often provide the greatest opportunity to see large ice floes in the Arctic pack ice, which usually means excellent wildlife viewing. Each day will be planned to take advantage of local ice and weather conditions. Distances are relatively short in the Archipelago and as there are no ocean crossings, the seas are normally calm. During these six days visit ice covered seas, fjords with breathtaking mountain scenery and glaciers flowing into the sea. You'll have the possibility to cruise in Zodiacs along the ice edge viewing seals or walrus, in fjords with glaciers spilling down to the sea or in front of spectacular seabird cliffs. The evening of your last full day of adventure will find the expedition ship anchored off Longyearbyen. |
| Thursday 21st June (B) | DISEMBARK LONGYEARBYEN Your adventure ends as it began, in the frontier-style settlement of Longyearbyen. After breakfast, you are transferred to the airport for your flight to Oslo. Hotel: Thon Opera Oslo (Run-of-house room, 3 nights). |
| Friday 22nd June (B,D) | OSLO After breakfast, you are taken on a half day guided city tour, taking in the main sights of Oslo city including a visit to the Viking Ships Museum (entry included). Your afternoon is free for your own leisure. This evening get together for a group dinner. |
| Saturday 23rd June (B) | OSLO Your day and evening are free for your own explorations. |
| Sunday 24th June (B) | DEPART OSLO Your morning is free. Check out 10.00am. |
